PROFESSIONAL SUMMARY

Software Engineer with 3 years of experience building and maintaining web applications across React and TypeScript frontends and Kotlin and Spring Boot backend services. Experienced in responsive UI, REST APIs, service contracts, PostgreSQL, file-processing workflows, and AWS integrations. Focused on translating complex business requirements into reliable, maintainable software.

TECHNICAL SKILLS

Languages TypeScript, JavaScript (ES6+), Kotlin, HTML5, CSS3, SQL
Frontend React, Next.js, Redux Toolkit, RTK Query, React Hook Form, MUI, Shadcn UI, Chakra UI, SCSS, Vite
Backend Spring Boot, REST APIs, Spring Data JPA, PostgreSQL, Flyway, Kotlin Coroutines, Gradle
Cloud & Tools AWS S3, SNS, SQS, Git, Figma, Storybook, responsive UI and accessibility fundamentals

PROFESSIONAL EXPERIENCE

Junior Software Engineer

2025 - Present

Lexagle

- Deliver product features across a large React and TypeScript application and Kotlin and Spring Boot backend services.
- Build responsive workflows using Redux Toolkit, RTK Query, shared component systems, API integrations, and client-side validation.
- Implement backend export and file-processing workflows, service contracts, persistence changes, and asynchronous processing in Kotlin.
- Work with PostgreSQL, Flyway, AWS S3, and SNS/SQS event flows while collaborating across service boundaries.

Junior Frontend Developer

2023 - August 2025

RDF Feeds, Livestock & Foods Inc.

- Developed and maintained a financial platform supporting transactions, payments, reporting, and accounting workflows.
- Built reusable React components, integrated REST API endpoints, and implemented form validation to improve operational efficiency.
- Streamlined processes from purchase and job orders through vouchering, clearing, and cheque release.
- Delivered automated cash-disbursement, payables, and cleared-transaction reports plus General Ledger and Journal functionality.

EDUCATION

Bachelor of Science in Information Technology

2023

College for Research & Technology
